

Capability Statement

D. A. Van Dam & Associates , LLC
CONTRACTORS AND REPRESENTATIVES OF UNDERGROUND INFRASTRUCTURE

Holders of the State of Ohio 315-17 pre-negotiated culvert lining contract

History:

D. A. Van Dam & Associates, LLC was founded in November 1970 as a sales organization engaged in the sales of PVC pipe products. We started out representing the Johns Manville Corporation, one of the first companies in America to produce PVC pipe. In the early 1980's, D. A. Van Dam & Associates, LLC embarked on an expansion program to add new infrastructure, rehabilitation solutions and municipal product lines to our existing base of products. We are continually adding turn-key solutions and products to solve the aging infrastructure needs of America.
